Expression of Interest

Please outline how you meet the following criteria that have not already been assessed as a part of your Hay 7 role (taken from the Hay 6 Advanced Role Profile) using these as headings:

Essential

1. Exemplifying the six pillars of the Royal College of Occupational Therapy Career Framework
2. Evidence of excellence in occupational therapy practice and strengths-based working (both with people and their families and other professionals and partners). This will include effective communication and relationship building skills, including handling difficult and sensitive issues and experience of working with a broad range of people including families in a social care setting.
3. Ability to mentor staff.

Desirable

1. You will have achieved a relevant post-qualifying award.
2. Practice Educator qualification.
3. Experience of leadership or strategic thinking in the improvement of social care practice (which might include being involved in projects, policy design, or innovating a new way of working).
